**ALBION**<sup>®</sup>

ANIMAL NUTRITION

## MAAC<sup>®</sup> IRON-16

### Overview

ALBION<sup>®</sup> MAAC<sup>®</sup> chelated trace minerals are highly bioavailable sources of minerals.

- Feeding chelated trace minerals supports the integrity of the hoof, gut and skin.
- These minerals are verifiably chelated based on FTIR spectroscopy and X-ray crystallography studies.
- Research shows feeding chelated trace minerals can optimize immunity, maintain reproductive efficiency and enhance performance.

### Product Description

ALBION<sup>®</sup> MAAC<sup>®</sup> Iron-16 Amino Acid Chelate is a source of highly bioavailable iron containing 16% Fe and used for the further manufacture of cattle mineral feeds and supplements.

### Feeding Instructions

Feed to supply 20-40% of supplemental iron in the ration.<sup>1</sup>  
Do not feed undiluted.

### Nutrient Values

- |        |             |
|--------|-------------|
| • Iron | Minimum 16% |
|--------|-------------|

### Product Characteristics

Appearance:	Fine brown powder
Odor:	Slight proteinaceous
Bulk density:	0.80 - 0.95 g/cc
Packaging:	25 kg bag
Shelf life:	Minimum 3 years when stored as directed

### Storage Instructions

Store in a cool, dry place in original container. Do not leave product in open containers.

<sup>1</sup>Or per the recommendation of your feeding advisor.
