Product Description

MAAC[®] Selenium Premix is a product that delivers a bioavailable form of selenium in a convenient-to-use premix. It contains 0.5% or 5,000 ppm Se.

Feeding Instructions

Dilute this product into a premix that contains no more than 600 ppm selenium.

- The resulting premix can be added to the complete feed of poultry at 1 lb/ton (500 g/metric ton) or more if the premix contains less than 600 ppm selenium, to achieve 0.3 ppm total selenium in the complete feed.¹

Nutrient Values

- Selenium FTC* 0.5% (0.375-0.625%)

Product Characteristics

Appearance:	Fine mauve powder with red specks
Odor:	Nondescript
Bulk density:	0.70-0.85 g/cc
Packaging:	25 kg bag
Shelf life:	Minimum 3 years when stored as directed

Storage Instructions

Store in a cool, dry place in original container. Do not leave product in open containers.

¹Or per the recommendation of your feeding advisor.

* Determinations with an acceptable range must meet AAFCO analytical variations (AV) and batch records must demonstrate no real deficiency or excess of that ingredient.
